

**ADDENDUM 2**

**June 04, 2020**

**ITQ AP 55-20**

The County received three questions regarding the project. The questions are summarized within Item I below.

I. **Question:** What is the linear square footage of the Airport facilities, listed within the bid?

**Answer:** The following information provides the (est.) Linear Square Feet/Footage (LFT) for Airport facilities listed within the Scope of Work, as follows:

Destin – Fort Walton Beach Airport

Terminal building	<b>2,200 LFT</b> <i>(perimeter linear feet)</i>
Cargo Building	<b>550 LFT</b>
Baldwin Building	<b>370 LFT</b> <i>(including generator enclosure)</i>
	<b>260 LFT</b> <i>(without open air enclosure)</i>
Taxi Stand	<b>125 LFT</b>
<i>(The Airport grounds (lawn area) is not part of this contract)</i>	

Destin Executive Airport (DTS):

**160 LFT** *(includes exterior perimeter of tower base and attached maintenance office/garage)*

Bob Sikes Airport (CEW FSS)

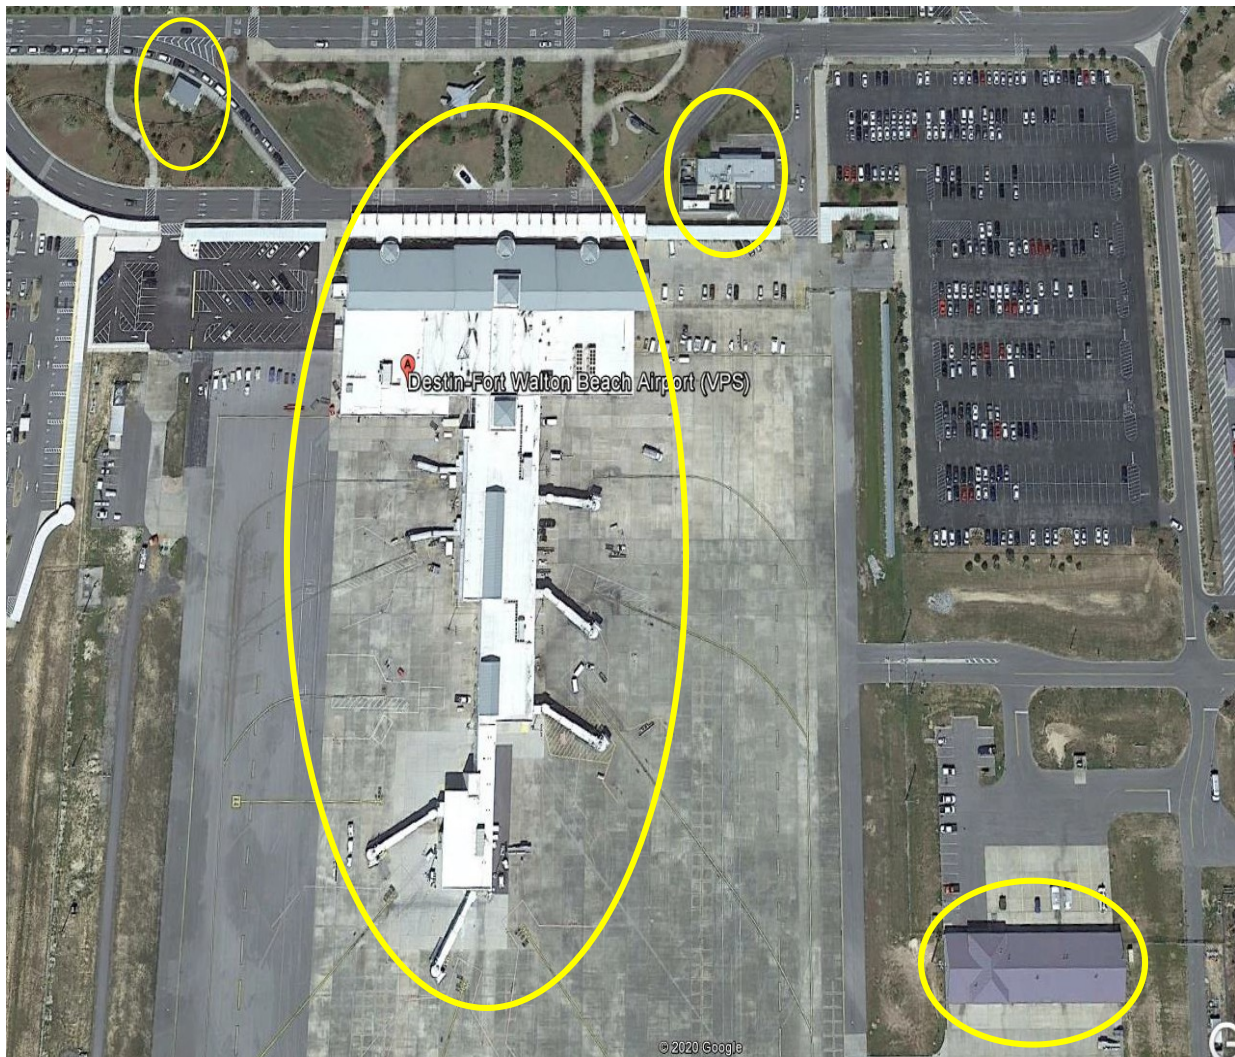

Crestview Maintenance Office **380 LFT**

**Question:** Do you have a map of the Airport facilities that will be treated, for a visual look at the layout of the facilities?

**Answer:** We have provided the information/map as seen below, except for DTS and CEW:

[space left intentionally blank]

*(ITQ AP 55-20, Addendum 2 continued):*

**Question:** Do you have maps of the Air Traffic Control Tower at DTS is located at the Destin Executive Airport and The County building at CEW is located at Bob Sikes Airport ?

**Answer:** While we do not have maps, we can provide these photos below for a visual look at the layout of the facility.

Below is a photo of the Air Traffic Control Tower at DTS is located at the Destin Executive Airport. it is on the airfield and doesn't have a separate address from the other airport facilities (which are not part of this bid request). Here is a picture of the tower. It is a six-story facility with an attached maintenance area on the ground level. Square footage previously provided.
