

ADDENDUM 2

March 20, 2020

ITN HR 31-20

Human Resources Information System for the Okaloosa County Board of County Commissioners

This addendum is to provide answers to questions asked from potential vendors.

1. Please list and describe all inbound and outbound integrations required with Workday, including third-party vendors as well as other internal systems that will need to send data to, or receive data from, Workday. **Workday payroll/general ledger secure backend integration with Central Square efinance Plus/Pentamation to allow our Clerk of Court to actually make payroll. Other necessary integrations are already described in the ITN.**
2. What internal resources are expected to be dedicated to the design, development, and testing of integrations with Workday? **County IT department and related resources will be available as necessary. A proven solution or approved methodology to integrate Workday payroll with efinance Plus/Pentamation must be provided. Internal resources necessary to be provided by the county to either save costs, or required to implement required functionality described in the ITN must be enumerated with technical description/solution and associated projected costs (if applicable).**

The ITN opening date remains March 31, 2020 at 3:00 P.M. CST
