Are you ready for an adventure!

We have placed several geocaches in more than 20 parks throughout the County. The County has been divided into quadrants and participants are required to get at least 4 from each quadrant and a total of 20 geocaches and codes to be eligible for the Okaloosa County Geocache Trail's geocaching coin. The geocaches are all listed on the County website including a short description of the park, the geocaching.com geocache number, as well as a link to our geocaching.com profile. They can also be found on www.geocaching.com under the user name: **Okaloosa County BCC**.
