## **Destin Executive Airport Ranks High in Customer Experience**

The Fixed Base Operator (FBO) for the Destin Executive Airport, Destin Jet, ranks in the top 10 percent in the United States for overall best customer experience, according to an annual study. Aviation International News conducts the survey each year, which rate airport facilities in five categories: Line service (employees meeting airplane on ramp), passenger and pilot amenities, facilities and customer service.

FBO's provide essential business aviation services such as fueling, aircraft maintenance, flight instruction, aircraft shelter as well as waiting areas such as a pilot's lounge for passengers and crew. "It is wonderful to receive this type of well-deserved recognition for the hardworking employees of Destin Jet and the Destin Executive Airport." stated Okaloosa County Commission Chairman Nathan Boyles. "Okaloosa County remains committed to working with our FBO partners to ensure quality service to the travelers and citizens utilizing Destin Executive Airport. The pending construction of a staffed Air Traffic Control Tower is further evidence of the strong and enduring commitment."

The Destin Executive Airport, located in the heart of Destin, Florida, generates 386 jobs and over \$40 million in economic activity. For more information, visit [www.flydts.com](http://www.flydts.com).
