“The route between Destin-Fort Walton Beach and Little Rock launched with a great response. Now that schools are winding down and Southerners are looking to book weekend getaways and summer vacations, we have received a quick uptick in requests for service between Destin-Fort Walton Beach and New Orleans,” said Trey Fayard, GLO’s Founder and CEO. “A select flight schedule will operate on Friday and Mondays and accommodate both the weekend traveler and those looking to getaway for a full week of vacation.”

About GLO

The Gulf and Mid-South regions are underserved by existing air carriers, leading to an overreliance on the road. The result is an enormous amount of time and productivity wasted driving to destinations that should have air service.

GLO's founder, Louisiana native Trey Fayard, experienced this lack of connectivity firsthand. He has spent more time than he would like to remember behind the wheel, traveling to locations that should be connected by non-stop air service.

Founded in 2013, GLO is addressing these travel needs, offering multiple daily non-stop flights between its base in New Orleans and Shreveport, Little Rock and Memphis, plus seasonal service between Destin-Fort Walton Beach and both New Orleans and Little Rock.
