Certified Foundation Surveys must be approved (signed) by the City of Mary Esther and the original brought to the Growth Management Department before a C.O will be issued. We will allow a signed faxed copy of the survey to get an inspection, but the approved original must be received before a C.O. can be issued.

For final inspections for new construction (sfd & cis) the Growth Management Department will call the City of Mary Esther to let them know a final inspection has been requested. The City of Mary Esther inspects the drainage, sidewalks and setbacks. They will issue an approval letter to the Growth Management Department.
