FAC Visits with Okaloosa County

On Friday February 21, Florida Association of Counties (FAC) is hosting a regional input meeting at the Okaloosa County Water and Sewer building, at 1804 Lewis Turner Boulevard. It is likely that more than one Okaloosa County commissioner will be in attendance. The meeting is scheduled for 10 AM.

The FAC strategic planning meeting will assist FAC in serving Florida's 67 counties, 377 county commissioners and ultimately Florida's 19 million citizens. Call 850-651-7105, with questions or comments. Contact Okaloosa County anytime, through the 311 Citizens Information Line or call 311 within the county.
