Mary Esther Public Library Closed for Storm Damages

The City of Mary Esther and our Library Staff wish to send our heartfelt thanks to all those who have contacted us wishing us well! The Mary Esther Library incurred more damage than originally believed, and reconstruction could last 3 ½ to 4 months. Clean up is moving along quickly. Staff is hoping to offer minimal services on or about Monday, April 14, 2014.

Until we reopen with minimal operations, we ask that patrons visit the other full service libraries in the Okaloosa County Public Library Cooperative (OCPLC). These include Fort Walton Beach, Destin, Valparaiso, Niceville and Crestview. Please return materials to these libraries. All late charges will be waived. We look forward to serving you again soon! **Please check the Mary Esther Public Library website at maryestherlibrary.com or our Facebook page for updates.**
