(850) 685-0297

Niceville, Fla. – Okaloosa County Water and Sewer (OCWS) has experienced an estimated 200-gallon sewage spill, which occurred at the Rocky Bayou lift station, 1890 John Sims Parkway in Niceville, Florida. **Due to the quick response of the Okaloosa County Water and Sewer Department and the small size and containment of the spill, there are no required advisories for this location.** OCWS representatives have completed cleanup actions. To clarify, **sewage did not get into any drinking water sources or bodies of water.**

Okaloosa County Water and Sewer has notified the proper authorities. This **final notice** is in response to Emergency Rule 62ER16-1: Public Notice of Pollution.

Please stay tuned to local news updates, and questions or concerns may be directed to the 311 Citizens Information Line.
