Events Planned to Celebrate Inaugural Silver Airways Flight From VPS to MCO

Destin-Fort Walton Beach Airport – Okaloosa County and Silver Airways will celebrate maiden voyage of its DAILY route from VPS to MCO (Orlando) starting this Friday.

The flight will depart VPS early, at 7:21 AM. We ask all media to let us know if they will be in attendance, so that we can get you out on the tarmac in order to get video and photos.

Commissioner Carolyn Ketchel, Silver Airways CEO Steve Rossum and Airports Director Tracy Stage will be available to the media.

As part of the inaugural ceremony, Silver Airways will present a donation to the new invisible wounds center site, which has recently set up shop on Eglin Air Force Base. The center works with military personnel who are suffering from PTSD.

We ask that you plan to arrive at 6:00a so we can have you checked in and ready for the many visual media opportunities which will take place in conjunction with the first flight.
